congratulations! you now own the DATE NIGHT social medium instrument!
DATE NIGHT is the perfect platform for a sharing of intimate, intensified,
and/or pure social interaction between two people.

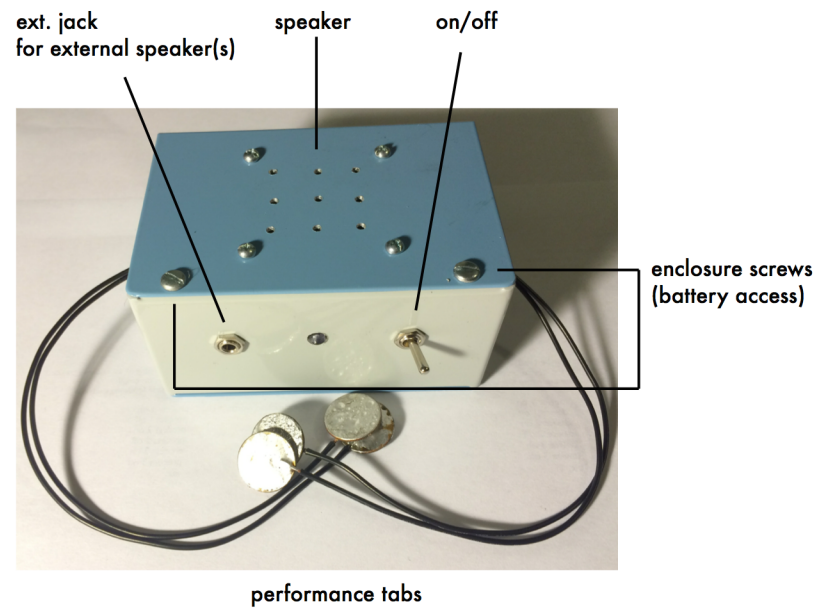

the willing use of this instrument is the creation of a structured social space
via the vibrations of sound - a sonic space that is generated, felt, and
controlled by the bodies of two players.

enjoy!

- 2/ find a place to play*
ideally a quiet space, where your social vibrations are uninterrupted

- 6/ switch on, hold performance tabs, engage*
try to feel the vibrations of the sound that you share
